Welcome to the Toronto Star Classroom Connection
Ontario Field Trip Guide

BRINGING ONTARIO’S FIELD TRIPS TO YOU!

Ontario has a wide range of exceptional venues perfect for field trips, allowing students to explore the arts, science, music, history, nature and much more. There are so many great ones, in fact, that it can be difficult for teachers to navigate the many options.

With this guide, we have brought Ontario’s field trips to you—making it easier to find the right ones for your students, their learning needs and your school’s budget.

There are many studies that extol the broad and lasting educational value of field trips—they bridge the gap between the classroom and hands-on learning, between theory and experience. They give children opportunities they may otherwise never have, and they make learning fun!

But the research merely confirms what teachers already know. That the educational benefits of field trips last a lifetime. Not only do they expose children to new experiences, but they help to cement in-class learning. Just ask anyone who went on a field trip as a child. Chances are, they fondly remember every detail of the experience—and the learning, as well.

Please enjoy this Ontario Field Trip Guide with our compliments. Here’s to a wonderful school year full of extraordinary learning experiences!

Oakville Galleries
A visual arts experience unlike any other

Enrich your students’ education with a hands-on art workshop! Taught by professional artists, our field trips and in-class visits make the arts accessible and engaging. With the Visual Arts curriculum and the Creative Process at the forefront of our offerings, select programs also integrate strands from Geography, Language and Science.

Of Rock and Chalk Ltd.
Indoor Rock Climbing

We can create a program that meets your group needs. Young students learn about the pulley systems used or enjoy a day of physical education/health. Mature students can learn about the engineering behind the sport, the science that helps the climbers stay safe or the Kinesiology to discover the physiological, biomechanical and psychological mechanisms that take place when rock climbing.

Young People’s Theatre

Learning is at the centre of everything we do.

Embedded deep in YPT’s philosophy is a commitment to learning, whether it is in the classroom or at the theatre. Each season, we ensure our professional plays address significant areas of the curriculum including music, language, equity, and social studies. Highlights this year include the musicals “Seussical” and “James and the Giant Peach”. Our Teacher Resources provide effective tools for the classroom, including Study Guides, hands-on workshops, and professional development for educators.

MARTYRS’ SHRINE

Martyrs’ Shrine

A Journey of Discovery with Christ

A retreat programme offered at the Martyrs’ Shrine that integrates the O.C.S.G.E. with elements from both Ignatian spirituality and Jesuit education. Students will be led by a Jesuit priest in a day of activities, physical exercise, prayer, and Mass, harmonized with their grade level’s Religious Education curriculum. Encountering St. Jean de Brébeuf and his companions, students will, in turn, be invited to reflect on their own sense of Christian identity and mission.

Canadian War Museum

Immerse your students in a hands-on learning experience of Canada’s military history!

The Canadian War Museum offers a wide range of learning opportunities that will fascinate students of all levels. Through historical artifacts, personal stories, artwork, photographs and interactive presentations, the Museum’s school programs help students discover Canada’s rich military history.

Programs match the Ontario school curricula. Our programs include hands on materials, group interactivity and role playing. Artifacts kits available for loan to schools across Canada.
